CHEF SAMANTHA GEORGE

FAMILY FOOD

For 13 weeks, Family Food Battle bring families from across the island to compete against the clock in 90minutes to create enticing meals from a mystery box prepared in their own kitchen in a creative way that will give them the edge to win \$50,000 in each challenge.

In each episode, viewers experience a clear demonstration of different ways everyday products can be used to make meals interesting. At the end of each episode, the message should be clear of how people find ways to make life better and easier with affordable products.

Each family will produce meals of choice based on a theme.

Each week they are judged on:

- Originality
- Presentation
- Creativity
- Taste
- Technique
